

KU KLUX WILL FIGHT WALKER PUBLICITY LAW

Sate King Kleagle Tells 8,000
Klansmen at Initiation Klan Will
Never Reveal Names of
Its Members

INVITE REPORTERS

Newspapermen Escorted to Field
and Kept in Closed Car; Cere-
monies at Same Hour in
Many Cities

Eastport, May 27.—The Ku Klux
Klan will never reveal the names of
its members, the King Kleagle of the
order for the state declared to 8,000
members here early today. His
remarks were directed at the Walker
bill signed last week by Governor
Smith and requiring all secret orders
to file with the secretary of state the
names of members.

Under the glare of a red electrically
lighted cross and surrounded by a
great throng of fully robed Klansmen,
the king Kleagle, unmasked and with-
out robe, attacked the law as uncon-
stitutional, declaring it was "aimed
at the organization."

"The Klan pledges itself never to
reveal the names of its members,"
he said. "We will fight to the last
breath to prevent public disclosure
of the identity of our members."

Reporters Witness Initiation

Similar meetings, speakers said,
were in progress at the same hour in
Schenectady, Buffalo, Niagara,
Fall, Port Jervis, Rochester, Mid-
dletown, Hamilton, Elmira, Hornell
and Centertown.

Reporters witnessed the initiation
ceremony from a closed automobile.
They had been invited to attend by
a representative of the Klan several
hours before the meeting started. An
elderly Klansman, in ordinary attire,
noted in Patehogue and escorted them
to the automobile to the rendezvous.

The initiation took place in a large
open field. The robed cross was
suspended from a flag pole from the
top of which floated an American flag.

CLARA PHILLIPS HOMEWARD BOUND

Deputy Given Custody of Woman
Despite Honduras Supreme
Court Order of Release

(By the Associated Press)

Tenney, N. H., May 27.—A
New Hampshire court today issued
an order directing that Clara
Phillips be set free, she was turned
over to the American deputy sheriff
from California and embarked last
night for Puerto Cortes for New
Orleans, where the steamer is expected
to arrive on Monday.

The fight over the release of Mrs.
Phillips before the supreme court
today held the extradition to Los
Angeles, where she is under sentence
of murder and her sister, Mrs. Rita
Phillips, was illegally detained.
Mrs. Phillips had not been
detained in Honduras.

The court today delivered
the papers were delivered
to the deputy sheriff by Mr.
Newcomb. Mrs. Phillips was held in
a prison cell at the Atlantic
city, where she was being
detained.

CAMBERLAIN ASKED TO BECOME AMBASSADOR

(By the Associated Press)

London, May 27.—The political
scene here is full of rumors
concerning the name of Austin
Chamberlain, who has been
mentioned by his talk with
Mr. Balfour. Mr. Chamberlain,
at present, is secretary of the
Foreign Office. Some of the
rumors are that he will be
appointed as ambassador to
the United States.

7 KILLED, MANY HURT, IN PECULIAR AUTO ACCIDENT

Detroit, May 27.—Seven persons
were killed here tonight and sev-
eral were injured, two severely,
when an interurban car on the
Detroit-Pontiac line hit an
automobile at Woodward avenue
and the 15-Mile road, eight miles
north of Detroit. None of the dead
have been identified.

The impact of the collision
threw the motor of the wrecked
automobile into a line of machines
passing along the road, wrecking
another machine. The car follow-
ing the second wrecked automobile
then crashed into that car. A num-
ber of persons in these machines
were injured; several were re-
moved to hospitals.

According to those who wit-
nessed the accident, the driver of
the wrecked automobile attempted
to turn out to pass another ma-
chine. The traffic jam forced the
driver to turn onto the interurban
tracks in front of a southbound
car. The five persons who lost
their lives were in the automo-
bile.

SAILOR FATALLY HURT IN RIOT

White and Filipino Sailors of Bat-
tleship Have Free-for-All
in Los Angeles Harbor

Los Angeles, May 27.—One man
may die, four are suffering from
serious knife wounds and a number
of others are cut and bruised as
results of a riot between white and
Filipino sailors of the battleship
at Los Angeles harbor today.

The trouble started when a white
sailor was ejected from a dance in-
cluded exclusively for Filipinos. About
1,200 of his white comrades, armed
with bricks, started for the dance hall.
At the entrance they were stopped by
the police and sailors and sailors
while the hall was cleared of the
Filipinos. They then descended on a
Chinese restaurant filled with Filipino
sailor patrons and a free-for-all fight
ensued.

One Probably Fatally Hurt

R. D. Drummond, of the U. S. S.
Mississippi, was shot in the left side.
His assailant was not caught. Drum-
mond was taken to the submarine
base hospital, where it was said his
recovery was doubtful.

Four other white sailors were slashed
with knives. They were taken to
hospitals after emergency treatment at
the receiving hospital. Several scores
of others were said to have received
minor knife wounds and abrasions
from bricks and other missiles.

Brindell Found Outside Prison

Conversing With Family in Sing
Sing Reservoir House; in
Solitary Confinement

Ossining, May 27.—Robert P. Brin-
dell, former head of the New York
Building Trades Council, now serving
a term in Sing Sing in solitary con-
finement, was placed in solitary con-
finement today after a surprise visit
with members of his family outside
the prison walls.

Brindell, who was working with the
yardmaster's squad, had been sent
under guard to an old wooden reservoir
house, some distance from the prison.
There, it was said, his wife, daughter
and son visited him. The warden
hastened to the reservoir house after he
had been informed that an automobile
had been seen to stop there.

Keeper Andrew Carlson, on duty in
the reservoir house, was suspended by
the warden.

Brindell, it was reported, had re-
ceived a number of visitors in the same
manner within the last month. Res-
idents of the vicinity said they had
seen the Brindell car parked near the
spot on several occasions.

A car said to have belonged to John
Taggart of Mount Vernon, business
agent of the Metal Lathers' union of
New York, also had been parked in
the house, it was asserted. Union
leaders of New York were reported to
have frequently been observed around
the reservoir house.

Warden James Brindell would
be tried in the warden's court and if
found guilty would lose his privileges
and the computation of his sentence
for good behavior. Brindell it was
said, had served 25 months of a sen-
tence from five to 10 years, and with
time off for good behavior, would
have been eligible for release in 26
months.

AVIATOR, ALONE, JUMPS FROM GULF OVER CANADA

(By the Associated Press)

Montreal, May 27.—A man
named Harrison St. George landed
on the shore of Lake St. Lawrence
last night, having jumped from a
plane. The man, who is a Canadian,
was seen by a fisherman. He was
taken to a hospital. He is now
recovering from his injuries. He
was seen by a fisherman. He was
taken to a hospital. He is now
recovering from his injuries.

BANDIT CHIEFS REPEAT FORMER RELEASE TERMS

Informants, However, Say They
Believe Leaders Inclined to
Be More Reasonable;
Powell Returns

PREVENT ESCAPE

Majors Finger and Allen Among
Those Taken to Mountain
Top as Safeguard; May
Release Englishman

(By the Associated Press)

Trenton, May 27.—J. B. Powell,
American newspaperman, and one of
the captives of the Suckow bandits
who recently was paroled to carry the
terms of the bandits for the release
of their prisoners to the foreign con-
suls at Tsao Chwang, has returned to
the Patzuku hills where the band-
its are holding the captives, ac-
cording to a telegram from Tsao
Chwang.

The local gentry who conferred
with representatives of the bandits
Friday returned Saturday and state
that the bandit chiefs offered the
same terms they previously had laid
down for the release of the foreigners.
The gentry said, however, they be-
lieved the chiefs were inclined to be
more reasonable.

The delegates said they were fired
upon when they entered the outposts
of the bandit camp. This they at-
tributed to intoxication on the part
of the sentries.

Precautions Against Escape

Mr. Powell said the captives asked
the bandit chiefs to allow Majors
Howard Finger and Robert A. Allen
and Lee Solomon, three of the Amer-
icans being held, to come down from
the top of Patzuku mountain, where
they were taken recently as a means
of preventing any possibility of their
escape. The captives also have asked
the chief to release W. Smith, a 40-
year-old Englishman, whose condition
is causing anxiety. Smith was touring
the East for his health after a nervous
breakdown. The chiefs said they
would consider the appeal and told
Powell they would release Smith on
his (Powell) return to New York.

The number of captives held at the
top of Patzuku have been estimated
by Powell at 100. He said that when-
ever they take a walk they are ac-
companied by a guard.

STATE TROOPER WOUNDED BY NEGRO

Makes Escape But Is
Later Captured

(By the Associated Press)

Kingsport, May 27.—An exchange
of shots between State Trooper John
Hines and Brewster Chatman, negro
laborer, tonight at Shandaken, Ulster
county, as the trooper was about to
arrest the man, resulted in Hines re-
ceiving a bullet in his left leg and
Chatman suffering wounds, one prob-
ably fatal. Chatman, wanted on a
charge of carrying a weapon, was em-
ployed in the construction camp
where work is being done on the
Shandaken tunnel. He is said to have
been in trouble Saturday night and
Trooper Hines was detailed to get
him. As the trooper, dismounted,
Chatman opened fire. Hines fired two
shots, the first bullet severing the
negro's little finger on his right hand
and the other passing through his
back.

The trooper and Hines returned to
the barracks. Trooper Martin
Dufford, detailed to the case, rounded
up 50 negroes, among whom was the
wounded man. Chatman was taken to
Benedictine hospital, Kingsport,
where physicians said late tonight
that the wound probably would re-
sult fatally. Hines received atten-
tion at the construction camp hospital.

COUPLE DANCES OVER WEEK

Youngstown, O., May 27.—The
world's endurance dancing record was
claimed tonight by Mrs. Frances Mer-
cer, and Harry Wagner, of this city,
who early today ended a continuous
performance started more than a
week ago. Mrs. Mercer and Wagner
left the floor after dancing in an East
Youngstown ballroom for 167 hours
eight minutes. They rested three
minutes every eight hours.

The previous record is said to have been 156 hours, held in Texas.

DECORATE BURROUGHS GRAVE

Roxbury, May 27.—Wild flowers
were laid on the grave of John Bur-
roughs, poet and naturalist, beside
Roxbury rock by two friends and ad-
mirers that came from as far away as
Ohio to attend the annual reunion of
the John Burroughs Memorial associa-
tion today. The party, which in-
cludes Julian Burroughs, a son of the
poet, later visited his old farmhouse
where he was born.

REPARATIONS PLAN OF CUNO FORMING

Specific Guarantees by Industrial-
ists and Gold Mortgage
on Land Probable

(By the Associated Press)

Berlin, May 27.—Chancellor Cuno's
deliberations with the Reichstag lead-
ers and representatives of finance and
industry are gradually assuming con-
crete form and in all probability will
have sufficiently crystallized to enable
the government informally to indicate
the character of its forthcoming repa-
rations proposals in the course of the
next few days.

The deliberations are expected to
take up the greater part of the week.
It is considered not improbable that
the industrialists will demand that
public utilities, such as posts, tele-
graphs and waterways be subjected to
thorough reorganization with a
view to making them sources of revenue
instead of debit fixtures on the na-
tion's balance sheets.

Gold Mortgage on Realty

The plan conceived by the industrial-
ists provides for specific guarantees
for which the leading industrial hold-
ings themselves guarantee to the
government in return for the govern-
ment's consent to place the federal railway
in the hands of a private operating
board although title still would re-
main with the government. This is
only one of several features on the
program which are expected to meet
stiff opposition by the Socialists.

For the principal source of revenue
the program suggests a gold mortgage
on all unincumbered real estate, and
estimates indicate that this would net
600 million gold marks annually for
the first ten years, with the possibility
that the sum eventually amount
to one billion gold marks.

In view of the fact that realty mort-
gages throughout Germany have been
paid off with paper marks, financial
experts assume that a gold mortgage
levy on land extending over a long
number of years would constitute the
basis of Germany's reparations assess-
ments.

The program of the industrialists
reminds the government of the im-
perative need of reorganizing all branches
of the public services, enhancing pro-
duction in all lines through added ef-
forts on the part of labor.

SETTLEMENT OF TROLLEY STRIKE EXPECTED SOON

Weatherwax and Employees of the
Schenectady Railway Company
Show Signs of Optimism
and Contentment

MEN ACCEPT PLAN

Workers Agreeable if They May
Have Attorney Present; Com-
pany Practically Recognizes Union

Schenectady, May 27.—The spirit of
antagonism between company and
men which frequently has been notice-
able since employees of the Schene-
ctady Railway company went on strike
a week and a half ago today was con-
spicuously in its absence.

Harry R. Weatherwax, president of
the company and leaders of the em-
ployees' union today exhibited a spirit
of optimism and contentment, and
while they refused to say outright that
the way was clear for an early and
amicable settlement of strike differ-
ences, it was indicated by both sides
to the argument that the end of the
strike is nearer than ever before.

There was no indication whatever
that the company planned to operate
its cars tomorrow.

Men Accept Proposal

It was learned that the men have
accepted the latest proposal for a
board of arbitration, a committee
to discuss strike settlement with the
company, provided they are permitted
to bring an attorney to the hearing.
Mr. Weatherwax said today that
he would prefer to select a commit-
tee to represent striking employees and
that he would not bar union members
in making his selection. This is re-
garded here as virtual admission on
the part of the company that it will
agree to recognize the union, the chief
bone of contention in conferences
which failed to avert the strike.

The employees, however, it was
learned, are desirous of appointing
their own committee, and a clash, if
any at this time, was expected to arise
over this point.

Neither company nor men will make
public the terms of the latest propo-
sals.

That it is agreeable to both sides,
however, and that peace seems near,
is seen here in the general spirit of op-
timism and further in the absence
from the city of state and federal
labor authorities.

78 FAMILIES HOMELESS IN CANADIAN RESORT FIRE

Montreal, May 27.—Seventy-eight
families were made homeless and
150 buildings were destroyed in a
fire that virtually wiped out the
southern portion of the summer
resort town of Ste. Agathe last
night. The damage was estimated
at \$100,000.

Fire departments from neigh-
boring towns were called in and
after a hard fight, aided by the
use of dynamite, prevented the
flames from sweeping the entire
town. The northern district of
Ste. Agathe, containing the sum-
mer homes of wealthy Montreal
families and summer hotels, was
untouched. One person was in-
jured slightly in the blaze.

The homeless are housed in the
town hall, a school and a tubercu-
losis sanitarium.

VETERANS' BUREAU PLANS BIG SAVING

Quarter Million Dollars Annually
Expected Reduction in Dis-
trict No. 2 Alone

New York, May 27.—Details of an
administrative reorganization plan
through which a saving of \$250,000
annually would be effected, were
announced today by Major W. F. Lent,
manager of District 2, of the United
States Veterans' bureau, comprising
the states of New York, New Jersey
and Connecticut. The administrative
changes in this district are part of a
national plan involving an annual
saving of \$2,500,000, Major Lent stated.

The district plan, to take effect May
31, directs the changing of sub-district
offices now located at Buffalo, Blue-
hampton, Poughkeepsie, N. Y., and
New Haven, Conn., and Camden, N. J.,
to substations, the work in these
places to be directed from Rochester,
Syracuse, Albany, New York city,
Hartford, Conn., and Newark, N. J.

As a result of the changes, Niagara,
Erie, Chautauque, Steuben, Cattaraugus
and Schuyler county will be under
the jurisdiction of the Rochester office
for Veterans' work; Chemung, Tioga,
Chenango, Broome, northern part of
Jefferson, Lewis, Herkimer, Oneida,
Madison and St. Lawrence counties
under Syracuse; Ulster, Delaware,
Otsego, Hamilton, Franklin, Dutchess,
Putnam and lower Columbia, under
Albany; Sullivan, Orange, Rock Lan-
d, under New York city; Newark
to direct work in lower half of New
Jersey.

work in the lower half of Connecti-
cut.

PLANK PUT ON TRACK CAUSES FATAL WRECK

N. Y. C. Passenger Train Hits Ob-
struction Opposite VanCourt-
land Park; Engineer Fin-
ned Under Machine

SEVERAL INJURED

Eight Persons Hurt, Two Badly,
When Steel Car Crashes Into
String of Box Cars on
Adjacent Siding

New York, May 27.—Hugh Kirk,
locomotive engineer, was killed and
eight other persons were injured to-
night when a southbound passenger
train of the Putnam division, New
York Central railroad, struck an ob-
struction on the track near VanCourt-
land park, the Bronx, the locomotive
was overturned, pinning the engineer
beneath it.

The two most seriously injured
were Charles Servey, fireman, and
Alexander Itawaki, a passenger, both
of New York. They were taken to
Fordham hospital.

Kirk met his death heroically.
Bursts of steam from the wrecked
engine prevented rescuers from mak-
ing their way to the side of the in-
jured engineer. Kirk warned those
who tried to save him to desist in the
attempt and leave him to his fate.

The first coach of the train, after
leaving the track, crashed into two
freight cars. The steel construction
was said to have been the only thing
that prevented it from telegraphing.
The coach was badly battered,
the 50 passengers in it being
thrown violently against the sides.

The second coach was also hurled
against the freight cars.

Boys Put Blank on Halls.
Men, women and children fought to
escape from the coaches. Most of the
passengers in the train were returning
from an excursion.

In capsizing, the engine crashed
into a string of empty freight cars
on a nearby siding.

Kirk was pinned under the engine
45 minutes before rescue parties of
police and railroad workers could ex-
tricate him.

The wreck was caused, investiga-
tors later discovered, by a timber,
eight feet long and three inches wide,
which the police believe had been
placed on the tracks by mischievous
boys.

Two of the coaches left the tracks.
All of the injured passengers were in
the derailed coaches.

DRY HARBOR PLANS BEING PERFECTED

Treasury Department Willing to Be
as Liberal as Possible on
Ship Liquor Problem

Washington, May 27.—Efforts will
be inaugurated tomorrow by treasury
officials to reconcile the proposed
prohibition regulation with the position
taken by the five foreign powers
which have expressed their views to
the state department in connection
with the recent supreme court deci-
sion barring liquor from American ter-
ritorial waters.

Every evidence was given today of
a desire on the part of this govern-
ment to temper its rigidity of the dry
law's new construction in the interest
of the country of nations and that
there may be no unwarranted inter-
ference with international intercourse.
Treasury spokesmen declared they
were willing to construe the court de-
cision as liberal as may be legally
and safely done in meeting the stand
of England, Spain, Italy, France and
the Netherlands.

drafting the regulations soon to super-
cede those overtures, by the court's
findings said there probably would be
some delay in promulgation of the
law while ways and means are being
devised to harmonize the position the
United States government is required
to take and the objections of foreign
governments which believe that stand
trespasses on their rights.

The new regulations are to become
operative June 10 but slight hope is
entertained that a definite and per-
manent policy may be worked out by
that date.

KNIGHTS PRESENT RIGHT REV. CURLEY WITH AUTO

Syracuse, May 27.—Knights of Co-
lumbus, representatives from 100
Syracuse chapters, gathered at the
Syracuse hotel for a public recep-
tion to Right Rev. Daniel J. Cur-
ley, recently installed Catholic bishop
of Syracuse, here tonight. Address-
es were delivered by prominent mem-
bers of the order at the conclusion
of which the bishop was presented with
an automobile as a gift from the
Knights under his jurisdiction.

Bishop Curley in responding to the
addresses urged the knights to be
faithful to the precepts of their order,
adding that loyalty to the teachings
of the Catholic church and obedience
to constituted civil authority would
do much toward helping solve many
of the intricate questions which are
testing the government.

The John J. Curley of New York,
vice president of the order, was one of
the speakers at the reception.

COMPRESSED AIR PONTOONS PROVE SUCCESSFUL

This shows the Coast Guard cutter Eucaly being raised at Whitestone, Long Island, by means of the
new compressed air pontoon. A submarine tractor is lowered from a lighter. Heavy ground was trans-
ferred electrical power is then used for the lifting of the rubber vessel after the pontoons have been placed.

LITTLE LESSONS IN Big Sports

SHOULD A HIGH OR A LOW TEE BE USED?

Answered by WILLIE HUNTER

Member and captain British international golf team for several years; the man who introduced golf into British East and South Africa, and New South Wales. Teacher of Willie Hunter, British amateur champion.

Under ordinary conditions I recommend that a low tee be used. The reason for this is simple—when a high tee is used the player is, in effect, using a club which is just as much shorter than the usual length of his club as the height of his tee. After driving from the high tee and being obliged to make the next shot from ground level with a brassie or a spoon, it is just as though he were using different length handles to his club. Naturally this throws a player off his game. The illustration makes the point clear.

CURS HIT HARD BUT LAME.

Secure But Two Runs off 15 Hits off Lee Meadows.

Chicago, May 27.—Pittsburgh defeated the Cubs, 4 to 2, today and although Chicago hit Lee Meadows twice, they lacked the punch when hits would have turned the tide in their favor.

Ray Grimes, who has been out of the game for some time because of an injured back, returned today and made three of Chicago's 15 hits. Charley Grimes, first baseman of the Pirates, was ejected out of the game by Umpire McInnes when he threw his bat into the air after being called out at the plate in the first inning.

REDS BREAK LOSING STREAK.

Laque Wins Pitchers' Battle Against St. Louis Cardinals.

Cincinnati, May 27.—The Reds broke their losing streak of six straight games by defeating St. Louis, 2 to 1, in a pitchers' battle today. Laque blanked the visitors until the ninth when errors by Bohlen and Hough prevented a shutout. Previous to this inning, the Cuban had gone 22 rounds against New York, Brooklyn and St. Louis without allowing a run.

GIANTS WIN EIGHTH

Strider (Cubs) Took Exhibition Game From Troy Trojans—Meadows Without Much Effect—Quinn's Team Shows Up Well—First Game of Season Wednesday Morning.

At Hildwell and his bunch of ball players had little trouble in capturing the exhibition game from the Troy Professionals at Neahwa park today Saturday afternoon, 17 to 4. Hildwell has promising material trying out for the team and some of them look exceptionally fine. Wilcox, who played left garden, was credited with four hits out of five attempts for minding a fly ball in the field. He was playing under the handicap of a sore hand. The opposing tailors had better look out for him when his hand gets well so he can clutch a baseball glove in the fully approved manner. Brown held down third base position and got two safe cracks out of five trips. A hotly pushed sphere bounded back off his shins in front of him and he made a lightning like jump for it, but the runner had any throw. The manager benched Hildwell off from second and watched him into his position and used him at short field. Boylan doing the receiving in a creditable manner. If Freddie gets many chances to gamble around that spot between second and third he will be up against the proposition of cancelling his contract with a short-stop and ordering another catcher. Sissy went after everything that was within reach like a man born and brought up in that locality instead of with a mask hiding his face. He slipped once out of seven chances, some of which were not so easy. His hit work stood at two safeties out of five efforts.

Scanton in Fine Form.

Scanton started over the tailors for Oneonta for five innings of the practice game, when Boase relieved him. Joe fanned six consecutive batters and fanned seven consecutive outs, a home run by Martin being interposed between the first and second of this string of breeze agitators. The game dragged through something over two hours. The home crew did the first scoring, breaking into the run column in the first opportunity at bat and added another in the second, after the visitors had pulled three tallies into their dugout in the first half of the last mentioned frame. Two of Oneonta's three errors, a hot drive across third and a pass figured in the scoring, two of them being obtained with two down. Scanton fanned the third.

The individual plays which called forth the most applause at the time were a one hand spear of a half line drive by Eckstein in center field in the seventh, making the third out and cutting off a base runner from scoring. Sinstack made a pretty pickup of a hot ground skipper.

The season proper will open Wednesday with two games with the Syracuse Olympics in both morning and afternoon games.

The box score:

APR H PO A E
Doyle, 2b . . . 5 0 2 0 1
Collinson, ss . . . 3 0 3 0 0

WANTS TO HELP OTHER WOMEN

Grateful Health Restored by Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I am willing to write to any girl or woman who is suffering from the troubles I had because I took Lydia E. Pinkham's Vegetable Compound. My back always ached, so I could not go about my housework, and I had other troubles from weakness. I was this way for years, when my sister-in-law took the Vegetable Compound and recommended it to me. In the time I have been taking it, it has done wonders for me. I keep house and am able to do lots of work besides."—Mrs. Helen Swann, 2711 Thomas St., Chicago, Ill.

That Holy Cross Team.

In the sporting section of the New York Tribune of yesterday was a picture of the Holy Cross baseball team, with side-cuts showing Captain Leonard Dugan, with the Stamford Mountaineers last summer, and Owrie Carroll, the star pitcher of the Holy Cross nine and last summer of the Oneonta Glants.

The Tribune speaks as follows: This year's Holy Cross college nine is making a great record as the strongest defensive college team in the East. The Purple has lost only one game, 4 to 1 to Princeton, and has scored more shut-outs than any other college nine. This has been due mainly to the great work of Owrie Carroll, the star pitcher, who has received many big league offers.

The team's record follows:

Opponents
7—William and Mary . . . 2
15—Randolph-Macon . . . 2
5—Georgetown . . . 1
5—Catholic U . . . 2
5—Lowell Tex . . . 2
9—Providence . . . 1
9—Dartmouth . . . 1

Home Values Increase

IF the home is of modern architecture and practical construction. Why build a new home from the plans of an old design?

A designer of women's apparel would hardly fashion the fabrics of today into a model of ten years ago. Why then build a home from a plan that has been duplicated for the past decade?

The designs presented in our Plan Book are of the newest possible to suggest. We'll be pleased to quote you on any of the homes and to recommend a reliable contractor, should it be desired.

The Count of Monte Cristo

By Alexandre Dumas

Betrayed by people he trusted as friends, Edmund Dantes, innocent was flung into prison on the charge of having conspired to aid the return of the Emperor Napoleon to the throne.

For long years he remained in terrible imprisonment, until, by the aid of a secret tunnel dug from one dungeon to another, he became friends with the imprisoned Abbe Farra, an old man who taught him great knowledge and disclosed to him the secret of treasure on the Island of Monte Cristo.

After the death of his betrayers, comes to the Island of Monte Cristo, where he finds his enormous fortune. Then disguised as the Count of Monte Cristo, he revives his acquaintance with those who betrayed him and finds revenge. A most dramatic and absorbing story, full of fascinating interest.

A mammoth William Fox moving picture production has been made from the story, and is now being shown at the "Palace." With every copy of this book we give a free pass to the pictures. Price of the book is \$1.00.

LOCAL MENTION

Three hundred and fifty-six American legion poppies were sold by the members of Troop four of Boy Scouts at the theatres Saturday evening. Norman Stratton took first honors with a sale of 118 tokens and Albert Edwards was second with 36. The scouts will cooperate in the poppy sale again this evening.

A special term of supreme court was held at Chambers in Ontario Saturday by Justice Kellogg. A considerable number of minor matters, motions, etc., were disposed of, but nothing of general interest. Justice Kellogg leaves this morning for Wampsville to continue the work of the Madison county trial term.

Meetings Today.

Regular meeting of Ontario grange this evening at 8:15. For the literary program there will be a debate regarding the Rural School bill.

Regular meeting of 13th cooperative lodge, 36, I. A. O. U. E. of R. T., will be held in R. of R. T. hall this evening at 7:30 o'clock.

Ladies' auxiliary to Boiler-makers will hold their social meeting in K. of P. hall. Lunch at 6 o'clock. Bring covered dish and sandwiches.

The King's Herald of the First Methodist church will meet in the church parlors at 4 o'clock. Special program and refreshments.

All W. B. A. O. T. M. ladies and guards who are to take part in the third degree Thursday night will meet this afternoon at 2 o'clock at Odd Fellows' hall for final rehearsal.

Meetings Tuesday.

All Boy Scouts will assemble at headquarters at 7:30 o'clock this evening for instruction in regard to Memorial day and for practicing formation.

Ships Race Horses Over East.

The string of race horses owned by H. M. Stanford of Hotel Ontario and which Trainer Martin has been conditioning at the race track at the fair grounds, has been shipped to Combination park at Medford, Mass., where they are expected to start on June 12 when the first of the Bay State circuit events opens. The horses of Mr. Stanford, together with Peter Pan, owned by S. G. Camp and one owned by Robert S. Parsons of Birmingham are in the string and it is expected that they will make the tour of the Bay State circuit, returning this way in time to participate in the races at Ontario and doubtless other Central New York fairs. S. G. Camp left yesterday for Medford to watch the horses work out on the Combination park track, which is said to be one of the best in New England. He expects to return about the middle of the week.

American Legion Convention Here.

A meeting of the county committee of the American Legion held Saturday afternoon at the rooms of Clark F. Simmons post at Cooperstown, it was decided to hold the county convention this year in Ontario on the same day as the County Farm bureau picnic, reference to which is made in another column. Hundreds of ex-service men from all parts of the county will be in attendance at this, the most important event of the year for the legion posts of the county. The invitation to meet in Ontario was extended by Dr. George W. Augustin, county chairman.

Flowers for Memorial Day.

There are few flowers this year for Memorial day in garden or field, so all who will help are urged to bring what they can. To the Wilber bank Wednesday morning, May 20, at 8 o'clock in order that the more than 200 soldiers' graves in the city and town of Ontario may show that we have not forgotten the brave deeds of other days. The Civil War veterans are rapidly passing. May we not tell on Wednesday, the few remaining, that we are still honoring their comrades and themselves by the generous gift of flowers?

The annual gentlemen's supper of the Methodist Episcopal church of Cooperstown Junction will be held at the home of H. A. Pearsall on Tuesday, May 29, commencing at 6 o'clock. The Portlerville quarter will furnish music and other musical numbers will be given. A social invitation is extended to the public. advt 21

KEEP THE DAY SACRED

REV. J. A. JUDGE, COOPER CITY, FOR THOUGHTFULNESS IN MEMORIAL SUNDAY SERMON

With compelling eloquence Speaker Judge referred to the death of Civil, Spanish and World War Veterans—Makers of the Proper Observance of Memorial Day and Prays that War May Be Banished from Earth—Service at Methodist Church Largely Attended.

Declaring that Memorial Day has become a day of joy riding, sport carnivals and decoration, when it should be devoted to the thoughtfulness of the duties of the year, Captain J. A. Judge, pastor of the Chapin Memorial Universalist church, made a powerful plea for such observance as would pay proper respect and reverence to our soldier dead in the sermon which he preached at the union Memorial service held last evening in the First Methodist church. Captain Judge, himself a veteran of two wars, told of the achievements of the Grand Army of the Republic, the United Spanish War veterans and the American legion and pointed out why the republic should pay reverence to the dead of the organizations and admiration to the living. It was a masterly sermon, delivered with rare eloquence and feeling and fully deserving of the applause which followed it, applause such as is seldom heard in a church on Sunday.

Captain Judge began his sermon by referring to the reverence paid to the dead in foreign countries, of the monuments erected and the sacredness of their significance. He stated that in his opinion the opening of Tutankhamen's tomb, although done in the name of science, should not have been. He said that the expedition must have caught its microbes of desecration from America and then proceeded to arraign the nation for its thoughtlessness in matters pertaining to Memorial day. It is the one day in the year that the man who offered his life to his country may hold sacred and it should not be desecrated and made an occasion for pleasure.

The speaker then addressed the members of the G. A. R., those few men now gray haired and feeble, who more than fifty years ago, answered the call of their country and shouldered muskets down the long trail at whose end grim death awaited. In discussing what the Grand army had accomplished, Captain Judge brought out a fact not generally regarded—that the boys in blue not only cleansed the continent of chattel slavery, but also freed from the yoke of economic oppression the white workers of the south and north alike, who under the slavery system needs must sell their labor for a pittance. The grand army cemented the North and the South with its heartblood, he stated, and preserved intact the constitution. If we would do reverence to them we must continue to keep intact that constitution, from the first paragraph to the 15th amendment.

In referring to the Spanish War veterans the speaker said that they have never been given proper credit for their achievements. That war against a government, then the most corrupt in Europe, demonstrated that America was a country that dared to stand for the principles of democracy. Not only did the war remove the Spanish flag from the continent, but it carried old Glory to the far east and opened the eyes of tradition bound China to the blessings of democracy. The revolution which overthrew a dynasty of seven centuries dominance and proclaimed the Chinese republic grew out of germs of liberty carried in the folds of the American flag, he said.

Captain Judge is also a veteran of the World war and chaplain of Ontario post of the American legion, and in his remarks concerning that organization he spoke from a heart full of sympathy and understanding for the boys he fought beside. He stated that no words of his could add to the glory of the cleanest, finest and most chivalrous army that ever wore a uniform. The legion is not boastful, he said, it asks nothing, only stands by its attention ready to seize the torch when thrown to it by the falling hands of the soldiers of earlier wars.

In closing the speaker made an eloquent prayer that war might never again claim its quota from America's youth, that the boys of today might look forward to days of constructive peace. That peace will not come through the establishment of world government, he said, but through the spreading of the gospel of Christ, the doctrine of the Fatherhood of God and the Brotherhood of Man. Fall in behind the Great Commander-in-chief, he urged, that the price which the dead we honor paid may not be exacted again.

Mr. Judge was assisted in conducting the service by pastors of other city churches. The hymns were announced by Rev. John W. Flynn of the First Methodist church and Rev. S. R. Wood, retired. Rev. James C. Russell of the First Presbyterian church gave the opening prayer and read verses 3, 5, 6 of the 13th chapter of the Book of Isaiah. Rev. Philip M. Luther of the Lutheran Church of the Atonement announced the offering, which amounted to \$25.62, and will be used for the work of Woman's Relief corps. The closing prayer was by Rev. Edson J. Farley of the First Baptist church and the benediction by Rev. Wilbur C. Dodge of the Elm Park Methodist church. Before the service an organ recital was given by G. Raymond Strong. A quartet composed of Mrs. Harry Finch, Miss Annie Waters, Jerry B. Finch and Byron H. Chesbro rendered several selections and Miss Waters sang the Recessional.

Delegations of the G. A. R., the Spanish War veterans, the American legion, the auxiliaries of all three organizations, and Company G were in attendance in addition to scores of citizens, the assembly completely filling the spacious church. Boy Scouts acted as ushers.

County Picnic Here

Annual Farm Bureau Affair Will Bring Thousands to City.

The annual picnic of the Farm Bureau will be held at Wilber park in this city this year. It was voted at a committee meeting held at Cooperstown Saturday afternoon. President A. E. Ceperley, M. G. Keenan and Hon. L. P. Butts attended the meeting as representatives of Ontario Chamber of Commerce and extended the invitation.

The convention, which will be held probably the first week in August, will bring thousands of farmers and their wives to the city. An elaborate program of entertainment is being prepared, which will include an address by a man of nation wide prominence. As is noted in another place in this issue, the county convention of the American Legion will be held in Ontario on the same day.

Eugene Borden Working on Car.

Eugene Borden, who was reported as missing to the city police department and for whom a search was instituted on Thursday night, was working on his car in a Unadilla garage, and gave no thought to the fact that anxiety might be felt by his family when he did not arrive home. He put his car in shape and drove it to his home on Cliff street, being considerably surprised to learn that the police and state troopers had been searching for him.

K. of C. Dance This Evening.

The final dance of the Knights of Columbus series of Monday evening dances will be held this evening in K. of C. hall for the Knights and their friends. Mrs. Harry White, Mrs. John Steidle, Mrs. John St. Clair and Mrs. Harry Dutton will be the patronesses. Music will be furnished by the Syncopators.

PARISH HOUSE CORNER STONE

Ceremonies at St. James' Church Yesterday Mark Beginning of New Era in History of Parish—L. C. Denney, Rector, Lays Stone and Archbishop Yale Lion Preaches Sermon.

With ceremonies appropriate to the occasion, including a sermon by Venerable Yale Lion, archdeacon of the Susquehanna and rector of St. Matthew's Episcopal church of Unadilla, the corner stone of the new parish house of St. James' Episcopal church was laid yesterday morning. A parish house has been greatly needed by the church and yesterday's ceremonies, marking the consecration of the plans and hope of many years, stand as the beginning of a new era in the history of the parish.

Holy Communion was celebrated at the church at 8 o'clock and was, so far as was possible a corporate communion of the parish. Morning prayer was said at the usual hour of 10:30 and was unusually well attended. A special musical program had been prepared by Chorus James Keeton, Jr., and the choir was augmented by the addition of twelve voices from the Elks' Glee club.

The sermon of the morning was preached by Venerable Yale Lion and was especially appropriate to the occasion. Mr. Lion, whose words always leave in the minds of his hearers the mark of his strong personality, spoke of the significance of the day in the history of the parish and commended the labors of the rector, L. Curtis Denney, the vestry and the congregation in making possible the erection of a building which will satisfy long felt material needs of the parish. Mr. Lion then gave a most interesting discourse upon church architecture, telling of the various periods and citing extant examples of each of the five types, the Basilica, Byzantine, Romanesque, Gothic and Renaissance. Throughout his sermon, which was masterful in thought and expression, Mr. Lion kept uppermost the thought that the foundation stone of all our lives should be the teachings and character of Jesus Christ.

Following the sermon and the offertory, the company proceeded to the site of the corner stone. First came the crucifix, followed by the clergy, the choir and then the congregation. Keeton's band fell into the procession at the door of the church and taking up the work of the organ inside furnished accompaniment for the singing of the processional hymn.

At the corner stone site there was a service of readings by the rector and responses by the company, followed by prayer. Then was deposited within the stone a copy of the Book of Common Prayer, copies of the church and secular papers and a list of all the donors to the parish house fund. The stone was then laid in place and the rector, striking it three times with a trowel, spoke as follows: I lay the cornerstone of a building to be known as the parish house of St. James' church and to be devoted to the service of Almighty God according to the doctrine, discipline and worship of the Protestant Episcopal church in this country.

A hymn was then sung by the choir and congregation and the ceremonies closed with prayer by Archbishop Lyon, the benediction and another hymn.

Presidents of Leslie Fink of Milford

to Purchase Automobile at Maryland Lands Sell and Composure in Jail.

Not daunted because he could not purchase the Chevrolet automobile of Mrs. Ellis Burnside of Maryland, Leslie Fink of Milford determined to secure it by hook or crook. He secured the aid of Joseph Cairns of Schenectady and worked out a plan by which he hoped to sell the car. As a result the two men were arrested on Saturday night by Troopers Cunningham and others at the county jail on a charge of burglary in the third degree. An examination will be held before Justice Fred E. Tice of Maryland this afternoon at 1:30 o'clock.

The crime for which the two men are held is the entering of the garage of Mrs. Burnside, who lives on the state road between Colliers and Maryland, on the night of May 17, and of stealing the distributor and coil from her Chevrolet automobile. The plan of Fink to secure the car which he had been unable to buy is most interesting.

Fink had been trying to buy the car for some time and seemed quite anxious to secure it. On the evening of May 17 the distributor and coil were stolen and as soon as the troopers began their investigation they learned of the persistence of the man Fink. He was questioned Saturday evening and made a confession implicating Cairns. Both of the men were arrested and taken to the county jail at Cooperstown to await the examination.

Fink evidently thought that the car could be more easily bought with the distributor and coil missing, so he, with the aid of Cairns, committed a third degree burglary in a vain attempt to secure it.

County Picnic Here

Annual Farm Bureau Affair Will Bring Thousands to City.

The annual picnic of the Farm Bureau will be held at Wilber park in this city this year. It was voted at a committee meeting held at Cooperstown Saturday afternoon. President A. E. Ceperley, M. G. PARISH HOUSE CORNER STONE

Ceremonies at St. James' Church Yesterday Mark Beginning of New Era in History of Parish—L. C. Denney, Rector, Lays Stone and Archbishop Yale Lion Preaches Sermon.

With ceremonies appropriate to the occasion, including a sermon by Venerable Yale Lion, archdeacon of the Susquehanna and rector of St. Matthew's Episcopal church of Unadilla, the corner stone of the new parish house of St. James' Episcopal church was laid yesterday morning. A parish house has been greatly needed by the church and yesterday's ceremonies, marking the consecration of the plans and hope of many years, stand as the beginning of a new era in the history of the parish.

Holy Communion was celebrated at the church at 8 o'clock and was, so far as was possible a corporate communion of the parish. Morning prayer was said at the usual hour of 10:30 and was unusually well attended. A special musical program had been prepared by Chorus James Keeton, Jr., and the choir was augmented by the addition of twelve voices from the Elks' Glee club.

The sermon of the morning was preached by Venerable Yale Lion and was especially appropriate to the occasion. Mr. Lion, whose words always leave in the minds of his hearers the mark of his strong personality, spoke of the significance of the day in the history of the parish and commended the labors of the rector, L. Curtis Denney, the vestry and the congregation in making possible the erection of a building which will satisfy long felt material needs of the parish. Mr. Lion then gave a most interesting discourse upon church architecture, telling of the various periods and citing extant examples of each of the five types, the Basilica, Byzantine, Romanesque, Gothic and Renaissance. Throughout his sermon, which was masterful in thought and expression, Mr. Lion kept uppermost the thought that the foundation stone of all our lives should be the teachings and character of Jesus Christ.

Following the sermon and the offertory, the company proceeded to the site of the corner stone. First came the crucifix, followed by the clergy, the choir and then the congregation. Keeton's band fell into the procession at the door of the church and taking up the work of the organ inside furnished accompaniment for the singing of the processional hymn.

At the corner stone site there was a service of readings by the rector and responses by the company, followed by prayer. Then was deposited within the stone a copy of the Book of Common Prayer, copies of the church and secular papers and a list of all the donors to the parish house fund. The stone was then laid in place and the rector, striking it three times with a trowel, spoke as follows: I lay the cornerstone of a building to be known as the parish house of St. James' church and to be devoted to the service of Almighty God according to the doctrine, discipline and worship of the Protestant Episcopal church in this country.

A hymn was then sung by the choir and congregation and the ceremonies closed with prayer by Archbishop Lyon, the benediction and another hymn.

County Picnic Here

Annual Farm Bureau Affair Will Bring Thousands to City.

The annual picnic of the Farm Bureau will be held at Wilber park in this city this year. It was voted at a committee meeting held at Cooperstown Saturday afternoon. President A. E. Ceperley, M. G. Keenan and Hon. L. P. Butts attended the meeting as representatives of Ontario Chamber of Commerce and extended the invitation.

The convention, which will be held probably the first week in August, will bring thousands of farmers and their wives to the city. An elaborate program of entertainment is being prepared, which will include an address by a man of nation wide prominence. As is noted in another place in this issue, the county convention of the American Legion will be held in Ontario on the same day.

Eugene Borden Working on Car.

Eugene Borden, who was reported as missing to the city police department and for whom a search was instituted on Thursday night, was working on his car in a Unadilla garage, and gave no thought to the fact that anxiety might be felt by his family when he did not arrive home. He put his car in shape and drove it to his home on Cliff street, being considerably surprised to learn that the police and state troopers had been searching for him.

K. of C. Dance This Evening.

The final dance of the Knights of Columbus series of Monday evening dances will be held this evening in K. of C. hall for the Knights and their friends. Mrs. Harry White, Mrs. John Steidle, Mrs. John St. Clair and Mrs. Harry Dutton will be the patronesses. Music will be furnished by the Syncopators.

DEVORE DEMONSTRATION

To Be Held at Goldthwaite's Store on Thurs., Fri. & Sat.

Every one will be interested in this Demonstration. A Devore Factory Expert will show how to use three famous Devore Products:

Devore Velour Finish—for beautifully painting and mottletoning walls and ceilings.

Devore Mirrolac—for making furniture, floors, and woodwork attractive.

Devore Motor Car Finish—for making old cars new looking again.

Watch for Demonstration. Get a Contest Blank from the Demonstrator, then Simply write a 25-word description on:

"The benefit I got from the Devore Demonstration in my community."

Hand in your answer within 2 weeks—that's all.

The prizes will be awarded for ideas, not literary merit. Everyone has an equal chance to win!

Come to the Demonstration. We offer useful information; helps in beautifying your home and motor car; and a chance at \$5,000 in prizes!

\$5,000 in Prizes Will Be Distributed (This Devore Contest is being held on a national basis. The winning answers will be selected by Devore and the winners will be announced as soon as possible after the contest.)

as follows:

1st prize \$1,000
2d " \$ 700
3d " \$ 300

5 prizes of \$100 announced as soon as possible after the contest.

50 answers are in from the last Devore Demonstration to be given in the spring of 1923.)

PREFER THE YELLOW PEARL

Oriental Peoples Consider the Colored Gem Superior to the White in Many Respects.

Most persons have placed the two-drawn white pearl above all others. The Chinese, however, together with other eastern peoples, prefer the yellow pearl, believing that it preserves both luster and color longer than the white. This pearl is said to owe its yellow to the fact that the oysters have been allowed to die and putrefy in their shells, the shells opening of them selves on the death of the oyster.

This custom has been ascribed to the fact that the pearl generally lies close to the edge of the shell, and it is feared that many fine pearls would be spoiled if the process of opening the shell with a knife were practiced. Black pearls are very much valued. The famous necklace of black pearls belonging to the late Empress Eugenie was sold for \$25,000.

Pink pearls are much desired among the Buddhists, who employ them profusely in the adorning of their temples. The inhabitants of Chipanga are said to place a pink pearl in the mouth of a dead relative or friend before cremation of the body.

Male Deer Shed Horns Each Year.

All male deer, known as stags, bucks or harts, have solid, branching horns, or antlers, which they shed each year. Excepting reindeer, female deer, also called hinds or does, do not bear antlers, nor do the young, which are known as fawns. Antlers are outgrowths from bone and are at first very sensitive, being covered with flesh and fully developed the skin dries and is removed by rubbing against trees, leaving bare bones.

Pleasure in Store.

Having been served with a wedge of some yellow substance, the husband poked at it cautiously with his fork, and finally turned it over heavily on his plate, asking:

"What is this?"

"Found cake. What of it?" the wife replied.

"Nothing," said the husband. "I thought my section weighed more than a pound. What are you going to make next?"

"Marble cake," said the wife demurely.

In a Manner of Speaking.

The Browns lived in a third-story apartment. Mr. Brown, coming home one evening, found his better half in an excited frame of mind. She hastened to tell him of an experience she had just had.

Smelling smoke in a room off the light court, she thought the building was on fire, and proceeded: "I tore down the front stairs, and found everything all right there; then I tore down the back stairs, and found no sign of fire there."

When Mr. Brown returned home to inquire: "If you tore down both the front stairs and the back stairs, how in the world did you get back up here?"

Brown got no dinner that evening.

Sixty Days in Jail for Two Kisses. Des Moines, Ia.—Sixty days in jail for two kisses is the price paid by L. Sharfman, a photographer. Two girls testified that he had placed the unwelcome carresses upon them.

FIND QUEER LAWS IN OLD RECORDS

Man Who Committed Suicide in 1738 Was Tried on Murder Charge in New Orleans.

If you sometimes think our laws are drastic, what do you think about what they had to stand for way back in 1738?

New Orleans.—Even though the present-day American is so surrounded by laws that he has to watch his step at every turn, he is not so bad off after all. In 1738, a person in New Orleans could not even commit suicide and go unpunished.

Someone having asserted that the Sixty-seventh congress, recently adjourned, enacted 961 new laws, and with many state legislative bodies clearing their decks for action in order to add a few broadsides to the list of statutes, inquiring persons here have been examining musty old Spanish and French official records in New Orleans to ascertain how the people of other days fared.

Sentence Dead Man.

A man committed suicide here in 1738 and the records show that the courts tried him for taking a life. He was found guilty, and it is set forth that "the inhuman body that held life too great a burden" was sentenced to abandonment without burial.

Petty theft involved a penalty of flogging, three years' imprisonment, confiscation and a fine of 50 francs.

Persons convicted of having shot or wounded an animal owned by another were sentenced to capital punishment.

As in these days and times, a murderer was executed by hanging, but execution for wife murder was by strangulation.

There was no Volstead law, but for permitting his slaves to become intoxicated one man was forced to mount a wooden horse and was drawn through the streets, while his neighbors laughed at him.

The wooden horse seems to have played a prominent part in the punishment of petty criminals. Patients at the city hospital learned that meat they had been consuming with a relish was dog and cat flesh. One Robert Villeneuve, a butcher who supplied the institution, was haled before the court on a complaint filed by the patients, who charged that they had been served "roasted dogs."

The Cat Around Neck.

The records show that Villeneuve was mounted upon the wooden horse and given the same treatment received by the man who had permitted his slaves to become drunk. In the case of Villeneuve, however, his chest and back bore placards inscribed: "Alister Slater of Dogs and Cats."

After this punishment had been meted out the record further states that "an old gray cat was hung around the neck" of the culprit.

And duty for the women played its part, then as now, for one document refers to the purchase by a father of "seemly clothes" for his eighteen-year-old daughter. The parallel of the clothing problem then with that of the present day continues in this case, for it seems the purchase consisted of "feathers and thread stockings."

The fiery got into the records because the father went into debt for them, and debt then was a crime if one could not pay. So reduced in circumstances was the parent that he reported to his creditor: "I am on bread. I have but one chicken to kill." The outcome of the affair could not be ascertained from the documents.

Vast Iron Ore Field

Is Found in Russia

Moscow.—A scientific expedition, financed by the government, has solved a mystery of fifty years' standing by its discovery in Kursk of a magnetic iron ore field. The ore was found at a depth of 600 feet and in such quantity as to arouse the hope that it may develop into one of the world's largest fields.

About fifty years ago it was noted that compasses used in Kursk, instead of pointing directly at the north magnetic pole, swerved as much as 15 degrees toward an indefinite stretch of territory. The presence of magnetic ore was agreed to be the cause, but hundreds of borings failed to locate it.

The soviet expedition was sent at the instance of Premier Lenin and was headed by Professors Lazarev, Gokhin and Archangel'sky. They found the ore after six months' work, in the vicinity of the provincial town of Tchigri. The ore vein here extends from 30 to 75 percent pure magnetic iron. The researches of the scientists indicate that the ore field is 230 kilometers long and from one to two kilometers wide, varying in depth from 500 to 600 feet.

Buddha Statue Made of Bones of 2,000 Dead

Tibet.—An image of Buddha made entirely from human bones will shortly be dedicated at Jaganan temple, Peking. According to the head priest of the temple, more than 2,000 dead persons' bones had been stored during the past ten years within the temple's charnel house, at the request of those poor people who were unable to bury the dead after cremating them.

How to Avoid Misery.

Half the misery in the world comes of want of courage to speak and to hear the truth plainly, and in a spirit of love.—Mrs. Stowe.

Thought for the Day.

After a man has made a list of things he gets elected to office and then loses them.

New Anesthetic Proves

Success With 100 Cases

Chicago.—Use of ethylene as an anesthetic in 100 cases at the Presbyterian hospital has demonstrated that it surpasses both ether and nitrous oxide. Dr. A. R. Lockhardt of the University of Chicago, discoverer of the anesthetic properties of the gas, told the Institute of Medicine. He added that 19 other surgeons, all of the Presbyterian staff, who have used the gas, declared it induces better relaxation than other anesthetics.

The 100 operations were performed between March 14 and April 26, and were of both minor and major character. They included four birth cases and one operation performed by Dr. N. S. Hasey, which lasted one hour and fifty minutes. In this last case the patient revived within five minutes. Many patients not susceptible to nitrous oxide are anesthetized by the ethylene.

Only two failures have been encountered. In one case a mixture of 90 to 95 per cent ethylene and oxygen produced analgesia (loss of pain), but not complete anesthesia. In the other case the patient was unaffected. However, these exceptions are to be expected. It is declared, as some persons are immune to anesthetics.

Dr. A. J. Carlson of the physiology department of the University of Chicago, voiced the opinion that, in the light of present results, ethylene will probably supplant ether and nitrous oxide.

Life's Surprises.

Life is a series of surprises. We do not guess today the mood, the pleasure, the power of tomorrow, when we are building up our being.—Emerson.

THE MOST BEAUTIFUL CAR IN AMERICA

PAIGE

Over the Hills and Far Away

Performance for the Adventurous—Dependability for the Hard-headed

The open road—a hill ahead—your Paige soars up the rise. Swiftly or slowly, as you please, but always smoothly and silently. You realize a better pleasure in the view-taken hills suggest only the romance of advancing farther.

For all its great power—Paige is gentle to the lightest touch. Your foot controls a range of 2 to 70 miles an hour. Here is scant need for gear shifting—though it may be done quickly and easily. And no clank more its smoothness—no stalling or jolting with the delicate Paige clutch.

Under the hood, the silent Paige motor waits to obey your commands—its youthful vigor and life prolonged by the Paige high-pressure oiling system.

Paige is one of the three quality cars at around \$2500 to \$3000 leading in sales to discriminating buyers. This, in itself, makes comparison of Paige performance, beauty, and enduring quality, obligatory for those asking the finest. We are glad to demonstrate the unusual accomplishments of Paige and its satisfying performance under your guidance.
